

ACCREDITED BY:

WHO WE ARE

The African Centre for Data Science and Analytics (AFRICDSA) is a digital transformation and technology solutions company that empowers individuals, enterprises, and governments to harness the full potential of data and technology. Founded in 2020, AFRICDSA delivers an integrated suite of services spanning training, consultancy, software development, Artificial Intelligence solutions, and Business Process Outsourcing. We combine deep technical expertise with practical implementation capabilities to help organizations improve decision-making, operational efficiency, compliance, innovation, and competitiveness.

THE CHALLENGE ORGANISATIONS FACE

Across sectors today, institutions struggle with:

- Limited data & artificial Intelligence literacy at executive and team levels
- Underutilised data and analytics in decision-making
